Automatically **COCKTAILS** First Class

THE QUBE is the easiest and most efficient way to make the perfect cocktail, on demand and without additional staff.

Whether it's a hotel bar, a restaurant or a café, a beach party or a fair - THE QUBE mixes the perfect cocktail fit for every occasion from 12 different drinks at a steady quality and with full cost control.

The individually adjustable RGB-LED illumination makes THE QUBE the life of any party.

Optional also with cooling device:
THE QUBE 2.0 + 2.0 cooled

→ The Machine

- ▶ **What is THE QUBE?**
THE QUBE is a breathtaking machine that mixes cocktails fully automatic. The german made quality, the spectacular illumination as well as the 100% cost and quality control guarantee more earnings and attention wherever the machine is placed.

- ▶ **Easy and intuitive operation via touchscreen**
The operation of this machine is very easy, no special training is required. It's suited for self-serving operation as well. It's easy like that:
Choose a cocktail, place a glass, wait for a moment - and your cocktail is mixed! Then read on the display serving and decoration tips for each drink.

- ▶ **More than 60 cocktails an hour**
THE QUBE automatically mixes more than 60 cocktails an hour - keeping the „cost control“ and quality level of each drink consistent without the need of additional staff.

- ▶ **Long Drink**
You want a perfect control over your mixed drinks like e. g. Bacardi Cola or Wodka Lemon? By using the Drink menu you can define the desired quantity exactly.

- ▶ **Easy connect via USB and Active-Sync**
Create new cocktails, modify a menu for an upcoming event? You need to download your counter data? You only have to connect your laptop via USB and Active-Sync with THE QUBE.

- ▶ **Cost Control**
Does the consumption match the register?
How many cocktails did we mix this weekend?
Which were the most popular drinks?
Which cocktails are currently the favorites?
Which cocktails had the highest sales on last year's carnival?
These questions can be answered now with certainty!

- ▶ **Let there be light!**
There are 4 different light situations that can be adjusted individually: Stand By, Mix Mode, Ready-Mixed, Alert. Each light situation can be matched to your interior design with an easy-to-use RGB input menu.

- ▶ **MADE IN GERMANY**
All the important components - the complete electronics, the software, the control system as well as the cooling device - come from Germany where the machine is assembled, finalized and inspected. THE QUBE comes with a 2-year warranty.

→ Operation

→ Inserting the bottles

- ▶ Turn the machine on
- ▶ Place bottles with measuring dispensers
- ▶ Done

→ After end of operation / cleaning

Since there are no pumps or pipes, cleaning the machine is very easy.

- ▶ Take out all bottles
- ▶ Switch to cleaning mode
- ▶ Clean interior and measuring dispenser thoroughly
- ▶ The machine is ready for the next job!

→ Mixing cocktails

Mixing cocktails is extremely easy and user-guided:

- ▶ Go to the „Cocktail“ option
- ▶ Choose your cocktail
- ▶ Place the glass and be aware of possible tips which can be programmed individually for each cocktail.
- ▶ Wait for the machine to mix the cocktail.
- ▶ Tips for decorating the cocktail will appear on the display screen, the most important ones are highlighted in red.

→ Freely Programmable Software

Adapt THE QUBE to your individual needs

- ▶ Individual cocktail menus: For a beach or a wedding party, a corporate event or a theme night, by creating your own cocktail menu you will have always the right cocktails for any occasion.

The extraordinary illumination with not less than 140 RGB-LED's makes THE QUBE the life of any party.

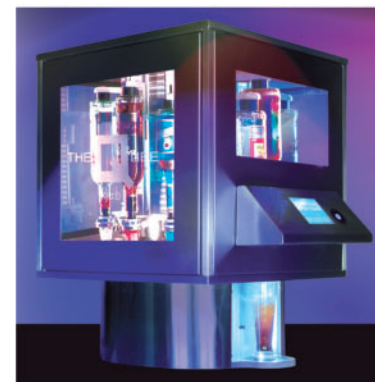

Each light situation - stand by, mix mode, ready-mixed and alert - can be matched to your interior design with an easy-to-use RGB input menu.

FAQ

▶ Will THE QUBE substitute the barkeeper?

Whether substitution, wise completion or alternative to a barkeeper - THE QUBE enables everybody to offer perfect cocktails in a consistent quality by full cost control and if required 24/7.

▶ Does THE QUBE fit catering chains?

Yes, a perfect addition! For the first time catering chains have the possibility to work with exactly defined recipes and ingredients in different locations in just the same quality and all that with accurate cost control. And the guest gets exactly what he expects and likes.

▶ Is THE QUBE transportable?

Yes, the machine weighs app. 70 Kg (cooled app. 90Kg) and can be operated in every location with a 110/220V power supply.
No special training is required so THE QUBE is perfectly suitable for all events and parties where cocktails are a must.

▶ THE QUBE or premix-cocktails?

Cocktails mixed by THE QUBE do not differ from hand-mixed cocktails - of course except of that consistency in the quality is ensured as well as no pouring losses can occur. Special trained staff is not required. And the guests can observe from which drinks their cocktails are made.
Starting only from a few cocktails per day the use of THE QUBE is a profit.

And to be honest - who wants to get a cocktail out of a tin can?
